Fixing Options

Shower panels warehouse PVC waterproof panelling in fixing by adhering the panels to an appropriately sound, flat and plumb subsurface. If the subsurface is uneven then a timber batten frame should be installed to create a suitable subsurface to adhere to. Full installation instructions are supplied with all products and are also available to download from www.shower-panel.net

Care & Maintenance

All Shower panels warehouse PVC waterproof panelling is more hygienic as easier to maintain than tiles. The non-porous surface provides excellent protection against bacteria and stains. Shower panels warehouse anti-bacterial cleaner kills germs and keeps hard surfaces clean without scratching.

Please Note: abrasive cleaners and bleaches **Must Not** be used on any Shower panels warehouse Product.

10 Year Warranty

Shower panels warehouse PVC waterproof panels carry a 10 year residential/domestic warranty against manufacturing defects. A full copy of the warranty is available to download from www.shower-panel.net. Note installation of the product must be in accordance with the fitting instructions supplied as incorrect installation will void the warranty.
